

Moretown Municipal Land Natural Resource Inventory

Map compiled by the Moretown Planning Commission
 Coordinate System: VT State Plane Meters (NAD83)

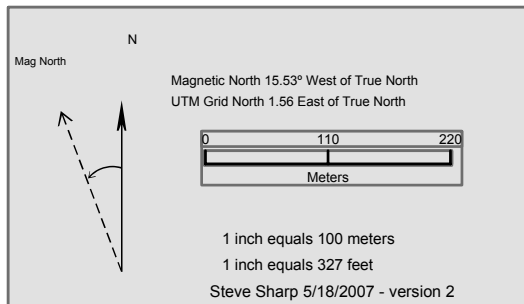

This map was produced to facilitate Moretown's development of a Land Management Plan for the town's municipal property.

This map was produced with grant funding provided by the VT Department of Forest, Parks and Recreation.

This map is a compilation of datasets of varying accuracy and quality. The purpose of the map is to provide an approximate spatial overview of the Moretown town property adjacent to the elementary school. Data from the following sources is used:

- Surface water data from the Vermont Hydrography Dataset
- 50-foot contours generated from USGS Digital Elevation Model (DEM)
- Town Municipal property boundary from town parcel dataset created by Central Vermont Regional Planning Commission.
- Special features were collected in the field using a GPS unit. These features were identified and mapped by Naturalist Sean Lawson.

- 50-foot Contours
- Stonewalls
- Trail
- Driveways
- Roads
- Ponds
- Streams
- Special Features
- Buildings
- Town Property
- Deeryard Easement
- Option Lot
- Deeryards
